

LESS EXPENSIVE DOG FOODS

Brothers Complete often costs less to feed than less expensive foods because Brothers has the optimum amount of exquisitely balanced ingredients and nutrients - no more - no less - to perfectly nourish your dog. Those high quality nutrients packed into 1 cup of Brothers are enough for a 25 LB Dog for 1 day. Less expensive foods can require up to 1 ½ to 2 cups a day more (for a 25 Lb dog) which makes them cost as much as Brothers (you're buying 1 ½ to 2 bags). Most people end up feeding lesser quality dog food when they could have fed the best for the same price or less.

- ARE NOT ACTUALLY LESS EXPENSIVE

TO KNOW THE TRUE COST PER DAY of a dog food you need 4 THINGS:

- 1) THE NUMBER OF CUPS IN THE BAG (Multiply 3.8 x the Weight of the bag in LBS)
- 2) THE RECOMMENDED DAILY FEEDING AMOUNT FOR YOUR DOG'S WEIGHT (on the Bag)
- 3) THE NUMBER OF DAILY FEEDINGS IN THE BAG OF FOOD (Divide the Number of Cups in the bag (1) by the recommended Daily Feeding Amount (in Cups) for your dogs weight (2).
- 4) THE STICKER PRICE OF THE BAG OF DOG FOOD (Divide the Sticker Price by the Number of Daily Feedings (3) to get the ACTUAL COST TO FEED YOUR DOG PER DAY
